FURNITURE COLLECTION 2026

We are delighted to present our outdoor furniture collection for the 2026 season. In the collection you will discover a wide variety of designs and styles, carefully chosen to reflect current international trends.

The New Zealand made Eden wooden furniture collection is proudly manufactured in our Auckland factory where superior quality remains the highest priority. Complementing this collection is an exclusive range of imported woven wicker, aluminium and sun umbrellas, made only in factories that meet our high standards of quality.

Outdoor Timber Characteristics

The wood used in our New Zealand made Eden furniture is either certified rosewood or Accoya® felled from sustainably managed forests. Both woods are very suited to outdoor use due to their inherent strength and density. Unlike kwila, both woods are almost non-bleeding.

Cracks, splits and twisting may appear in the timber, particularly on the end grain and to a lesser extent on the surface. This is natural behaviour of wood suitable for use outdoors, occurring as the natural oils and minerals evaporate with exposure to the sun, wind and rain. It is not a manufacturing defect.

Outdoor Woven Wicker Characteristics

The woven wicker furniture is made from polyethylene (PE), which is a synthetic material designed to be lightweight but extremely hard wearing. PE is perfect for outdoor use as it is weather resistant to frosts, water and UV light (rated up to 3000 hours). The material is also very easy to clean.

Weaving the PE material around an aluminium frame provides a soft and supple seat surface that moulds to your body for maximum comfort.

Maintenance – Eden Rosewood Furniture

The Eden collection in rosewood has a water based natural stain applied and will weather to a silver/grey in 1-2 years if a repeat application of natural stain is not applied. To keep the rosewood colour, apply two coats of Eden Quantum water based oil coating before the wood turns silver/grey and reapply yearly.

It is important to read and follow the instructions on the can carefully before using any outdoor timber product.

Maintenance – Accoya® Wood Furniture

The Eden collection in Accoya® wood has an acrylic paint applied and will remain intact without the need for recoating for at least five years. When you need to recoat, apply acrylic paint suitable for outdoor wood with a brush or roller. Clean the furniture on a yearly basis with 30 Seconds or Exit Mould to remove any yellow pollen, dirt or mould. Some environments will need more frequent cleaning.

Warranty*

Eden outdoor furniture made in New Zealand by Danske Møbler comes with a 5-year guarantee.

Outdoor furniture imported by Danske Møbler comes with a 3-year guarantee. The cushion fabric comes with a 2-year guarantee.

The Alfresco ranges of Elle, Riley, Cape Cod and Villa chairs come with a 2-year guarantee. Bluebell and Lilac chairs come with a 1-year guarantee. Use under shade and avoid over exposing to direct sunlight. Keep dry and indoors over winter. Avoid rain and heavy weather conditions for the Alfresco collection.

Outdoor umbrellas come with individual warranties. Please enquire.

*Warranty applies to the original owner for residential use only.

NZ Made Wooden Tables by Danske Møbler

Discover the perfect dining table for your outdoor living space and family's lifestyle from our premium collection of exclusive classic and contemporary designs. Partner your table with Eden or E2 chairs and benches or mix'n'match from our imported collection.

accoya

ACCOYA® WOOD

Key Features and Benefits

Accoya® is the world's leading high technology long-life wood and one of the most durable, stable and sustainable materials to use in the manufacture of **outdoor furniture**.

Accoya® is made from New Zealand grown **sustainably** forested radiata pine, which is shipped to The Netherlands where it undergoes a proprietary acetylation process.

The process involves a pressurised injection system that alters the physical properties of the wood by changing the cellular structure. Essentially, the wood is pickled in a 100% **vinegar-type solution**.

The process is **non-toxic** and adds nothing to the wood that does not already naturally occur within it. Thus, Accoya® wood is **100% recyclable**.

**50
YEARS**

Accoya® wood has a **50-year guarantee** for outdoor use and is UV and rot resistant.

Accoya® wood has been awarded a range of accreditations and eco-certifications, as further support of its unique sustainability properties.
