COLLECTION

New Zealand's finest range
of quality designs and styles

DANSKE
MØBLER

Furniture for living

We are delighted to present our outdoor furniture collection for the 2022 season. In the collection you will discover a wide variety of designs and styles, carefully chosen to reflect current international trends but tailored to suit the unique climate conditions of New Zealand.

The New Zealand made Eden wooden furniture collection is proudly manufactured in our Auckland factory where superior quality remains the highest priority. Complementing this collection is an exclusive range of imported quality woven wicker, rattan and aluminium designs, made only in factories that meet our high standards of quality.

Outdoor Timber Characteristics

The wood used in our New Zealand made Eden furniture is either certified rosewood or Accoya® felled from sustainably managed forests. Both woods are very suited to outdoor use due to their inherent strength and density. Unlike kwila, both woods are almost non-bleeding.

Small cracks, splits and twisting may appear in the timber, particularly on the end grain and to a lesser extent on the surface. This is natural behaviour of wood suitable for use outdoors, occurring as the natural oils and minerals evaporate with exposure to the sun, wind and rain. It is not a manufacturing defect.

Outdoor Woven Wicker Characteristics

The woven wicker furniture is made from polyethylene (PE), which is a synthetic material designed to be lightweight but extremely hard wearing. PE is perfect for outdoor use as it is weather resistant to frosts, water and UV light (rated at 3000 hours). The material is also very easy to clean.

Weaving the PE material around an aluminium frame provides a soft and supple seat surface that moulds to your body for maximum comfort.

Maintenance – Eden Wooden Furniture

It is essential to establish a regular cleaning and maintenance programme to ensure New Zealand made Eden wooden furniture remains in good condition, colour and appearance. We recommend water based Gecko and Woodland furniture stain. The product to use is dependent on the Eden model, so please ask in-store for advice on which product applies to your furniture.

It is important to read and follow the instructions on the can carefully before using any outdoor timber product.

Maintenance – Stainless Steel

The New Zealand made Inlet and Coast frames are 304 grade stainless steel. The stainless steel may still get small surface spots of rust (tea staining). To clean this, a very fine steel wool can be used with Autosol Metal Polish. After cleaning, coat the stainless steel with WD-40 spray to help protect the surface. Locations close to coastal areas require more frequent maintenance due to the effects of salt air.

Warranty*

Eden outdoor furniture made in New Zealand by Danske Møbler comes with a 5-year guarantee.

Outdoor furniture imported by Danske Møbler comes with a 3-year guarantee. The cushion fabric comes with a 2-year guarantee.

Outdoor umbrellas come with individual warranties. Please enquire.

*Warranty applies to the original owner for residential use only.

ACCOYA® WOOD

Key Features and Benefits

Accoya® is the world's leading high technology long-life wood and one of the most durable, stable and sustainable materials to use in the manufacture of **outdoor furniture**.

Accoya® is made from New Zealand grown **sustainably** forested radiata pine, which is shipped to The Netherlands where it undergoes a proprietary acetylation process.

The process involves a pressurised injection system that alters the physical properties of the wood by changing the cellular structure. Essentially, the wood is pickled in a 100% **vinegar-type solution**.

The process is **non-toxic** and adds nothing to the wood that does not already naturally occur within it. Thus, Accoya® wood is **100% recyclable**.

Accoya® wood has a **50-year guarantee** for outdoor use, is UV resistant and will not rot, split or warp.

Accoya® wood has been awarded a range of accreditations and eco-certifications, as further support of its unique sustainability properties.

Sun Umbrellas – the essential outdoor accessory

No outdoor setting is complete without a sun umbrella to provide shade from the effects of New Zealand's harsh sun. We offer a choice of centre pole or cantilever umbrellas to cater for the variety of outdoor furniture options available. Centre pole umbrellas are designed to insert into the dining table. Cantilever are stand-alone umbrellas and ideal for shading outdoor lounge suites.
